

## Protect Cleaning Indicator

### SECTION 1: PRODUCT AND COMPANY IDENTIFICATION

Product identifier used on the label : **Protect Cleaning Indicator (PCI)**

Other means of identification : 1108326

#### Recommended use of the chemical and restrictions on use:

Product for hospital and professional use only for cleaning verification in automated washer-disinfectors. Not for home use.

#### Name, address, and telephone number of the chemical manufacturer:

BELIMED INC  
8351 Palmetto Commerce Parkway, Suite 101  
Ladson, SC 29456 USA  
Telephone Number for Information : 1-800-451-4118

#### Emergency telephone number

CHEMTREC : 1-800-424-9300 (24/7, US and Canada)

### SECTION 2: HAZARD IDENTIFICATION

#### GHS Classification of the substance or mixture

**Hazard Class** : This product is not classified as hazardous

#### Signal word, hazard statement(s), symbol(s) and precautionary statement(s)

**Signal word** : None

**Precautionary Statements** : None required under normal conditions of use

**Hazard Statement** : - Not required

**Pictograms** : - None

**Other Hazards** : None known

Classification complies with OSHA Hazard Communication Standard (29 CFR 1910.1200) and is consistent with the provisions of the United Nations Globally Harmonized System of Classification and Labeling of Chemicals (GHS).

### SECTION 3: COMPOSITION / INFORMATION ON INGREDIENTS

#### Substance

Not applicable

#### Mixture

This product is propriety mixture. Specific chemical identities and concentrations are withheld as confidential. The finished product does not contain hazardous ingredients at concentrations requiring disclosure under OSHA HAZARD COMMUNICATION STANDARD (29 CFR 1910.1200).

## SECTION 4: FIRST AID MEASURES

### General Advice

No first-aid measures are expected to be necessary under normal conditions of use.

### Eye Contact

**No first aid is anticipated. If irritation occurs, rinse cautiously with water and seek medical attention if symptoms persist.**

### Skin Contact

No first aid is anticipated. Wash with soap and water if desired.

### Inhalation

Not expected to present an inhalation hazard. No first aid is expected.

### Ingestion

No first aid is anticipated. If discomfort occurs following accidental ingestion, seek medical advice.

### Most Important Symptoms and Effects

None known

## SECTION 5: FIREFIGHTING MEASURES

### Suitable Extinguishing Media

Use extinguishing media appropriate for the surrounding fire, such as water spray, foam, dry chemical, or carbon dioxide.

### Specific Hazards

No known fire or explosion hazards associated with this product.

### Special Protective Equipment for Firefighters

Wear standard firefighting protective equipment appropriate for the surrounding fire.

## SECTION 6: ACCIDENTAL RELEASE MEASURES

Not known; Not applicable

## SECTION 7: HANDLING AND STORAGE

### Precautions for Safe Handling

Read the product label and Instructions for Use before use.

### Avoid ingestion.

**Follow good industrial hygiene practices.**

### Hygiene Measures

Observe good housekeeping practices.

Do not eat, drink, or smoke while handling this product.

Wash hands after handling.

### Storage Conditions

Store in a cool, dry, and dark location at 5–30 °C (41–86 °F).

### Incompatible Materials

Do not store with sterilizing agents or other chemical products.

## SECTION 8: EXPOSURE CONTROLS / PERSONAL PROTECTION

### Occupational Exposure Limits

This product, as supplied, does not contain hazardous substances with established occupational exposure limits.

### Engineering Controls

No special engineering controls are required under normal conditions of use.

### Personal Protective Equipment

The use of gloves, moisture-impervious aprons, safety glasses, or other protective equipment should be based on the standard operating procedures and risk assessment of the individual laboratory or healthcare facility.

## SECTION 9: PHYSICAL AND CHEMICAL PROPERTIES

|                  |                  |
|------------------|------------------|
| Appearance       | : PET substrate  |
| Color            | : Yellow         |
| Odor             | : Not applicable |
| pH               | : Not applicable |
| Melting point    | : Not applicable |
| Boiling point    | : Not applicable |
| Flash point      | : Not applicable |
| Flammability     | : Not applicable |
| Relative density | : Not applicable |

## SECTION 10: STABILITY AND REACTIVITY

|                                    |                                                                   |
|------------------------------------|-------------------------------------------------------------------|
| Reactivity                         | : Not reactive under normal conditions of use.                    |
| Chemical stability                 | : Stable under normal conditions of use.                          |
| Possibility of hazardous reactions | : Hazardous polymerization or hazardous reactions will not occur. |
| Conditions to avoid                | : None known under normal conditions of use.                      |
| Incompatible materials             | : Sterilizing agents and incompatible chemical products.          |
| Hazardous decomposition products   | : None known under normal conditions of use.                      |

## SECTION 11: TOXICOLOGICAL INFORMATION

### Likely routes of exposure

#### Skin contact

Symptoms Related to Exposure: None known.

#### Eye contact

Symptoms Related to Exposure: None known.

### Acute toxicity:

Not expected to present an acute toxicity hazard.

### Skin Corrosion/Irritation

Not expected.

Safety Data Sheet  
**Protect Cleaning Indicator (PCI)**

**Serious Eye Damage/Eye Irritation**

Not expected.

**Carcinogenicity**

No components are listed as carcinogens by OSHA, NTP, or IARC.

**SECTION 12: ECOLOGICAL INFORMATION**

No ecological hazards are known under normal conditions of use.

**SECTION 13: DISPOSAL CONSIDERATIONS**

Dispose of the product and its packaging in accordance with applicable federal, state, and local regulations.

**SECTION 14: TRANSPORT INFORMATION**

This product is **not regulated as dangerous goods** for transport.

**SECTION 15: REGULATORY INFORMATION**

**Occupational Safety and Health Act:**

Hazard Communication Rule, 29 CFR 1910.1200: The Occupational Safety and Health Administration (OSHA) require Safety Data Sheets (SDSs) to provide information about any hazard that may be associated with the product and make this information available in the workplace. Since the use pattern and exposure in the workplace are generally not consistent with those experienced by consumers, this SDS may contain health hazard information not relevant to consumer use.

**United States Regulatory Information**

|                                        |                                                                                    |
|----------------------------------------|------------------------------------------------------------------------------------|
| <b>TSCA 12 (b) Export Notification</b> | : Not applicable                                                                   |
| <b>CERCLA/SARA Section 311/312</b>     | : Not applicable                                                                   |
| <b>CERCLA/SARA Section 313</b>         | : Not applicable                                                                   |
| <b>California Proposition 65</b>       | : This product does not contain substances listed under California Proposition 65. |

**SECTION 16: ADDITIONAL INFORMATION**

**Additional information:** None

**DISCLAIMER:** The information provided on this sheet is not to be considered as warranty or quality specification. The information is given to provide general knowledge as to health and safety based on our understanding of safe handling, storage, transportation, disposal, and release. The information relates to the specific material designated and may not be valid for such material used in combination with any other materials or any process unless specified in the text.
